Experience

Pactle	Remote
<i>Founding Engineer (Software Engineer)</i>	<i>Jul'25 – Nov'25</i>
• Owned end-to-end development of RFQ capture, quoting, approvals, and invoicing workflows for manufacturing clients.	
• Designed component-driven frontend architecture supporting complex, multi-step business processes.	
• Shipped AI-powered features : PDF/Image → quote extraction, email-ingested RFQs, and LLM-driven product recommendations.	
• Collaborated closely on API design, data modeling, and ERP-adjacent integrations for quote-to-cash automation.	
• Improved customer workflow efficiency by 35% by simplifying UX and eliminating multi-step process friction.
